

# **Notice to Land Agents**

## **Special Gas Line Restrictions**

A reminder from the Pennsic Land Staff

This notice affects blocks E11, E18, E20, E24, and W21

### **Special Gas Line Restrictions**

- a) Additional fire pit restrictions in blocks E11, E18, E20, E24, and W21 must be observed due to an underground high-pressure natural gas line that runs through those areas.
- b) No fire pits or ground fires are to be placed within the 50 feet of the Right-of-Way of the gas line. Violations of this rule will not be tolerated. Violation of this rule may cause the gas company to exercise their right to demand no camping of any type be allowed in this area.
- c) The center of the gas line is marked with a dotted orange painted line. Dotted white lines mark 25 feet on each side of the center line. Tents are allowed in this area if stakes are less than 3 feet in length.
- d) No tents or other structures are to be placed within 10 feet of any gas company marker or vent. A blue painted circle will mark markers and vents. NOTHING is to be placed within this circle. Markers and vents must be accessible from the nearest road at all times.
